

## **BORZOI BOOKS FOR SPORTSMEN**

*(Covering North American big game hunting; upland and waterfowl hunting; guns and shooting; and fresh and saltwater fishing)*

This is a series of 37 books published by Knopf, NY between 1943 and 1955 and each one has become highly collectible. For the most part, the books were uniformly issued in a deep burgundy cloth binding with the Knopf logo blind stamped on the cover. Individual volumes varied in size and the several limited editions included in this set have special distinctive bindings and slipcases. Dustjackets were issued with all books except where slipcased. Only a very few of the 1<sup>st</sup> editions of these books were published in more than 5,000 copies. The dates shown are those of the first printing of the Borzoi series books. Other publishers had earlier published some of the titles. (A complete and detailed history and description of each book may be found in "The Borzoi Books for Sportsmen, by M.L. Biscotti, Sunrise Publishing Company, OH, 1992).
